Some Facts About Missouri.

The following are among the questions submitted to the principles of the public schools by Superintendent J. M. Greenwood, with the proper answers, the object being to instruct teachers as well as pupils in the history, resources,

etc., of Missouri. Q What is the total taxable prop erty in Missouri?

A. \$1,107,983,473. Actual cash value over \$3,000,000.000.

Q. What was the total value of sur plus commodities marketed in 1896?

A. \$176,000,000. Q. What is the estimated population

of Missouri? A. 3,250,000,

What is the rank of Missouri in Q assessed valuation? A. Eighth.

Q. How many acree of land in the surface of Missouri?

A. 44,000,000. Q. How does Missouri rank in the number of farms and in the number of acres of improved land with other states?

A. Third. Q What is the approximate value of all the products of the farms, forests and mines for 1896? A. \$400,000,000

Q. What is the number of manufacturing industries in the state? A. 15,000.

Q What was the value of their pro-

ducts for 1896? A. \$175,000,000.

R. How many towns and cities has Missouri with over 4,000 population? A. 35.

Q. What states have more widely circulated newspapers? A. New York. Q. How many different ratiroad cor-

porations in the state? A. 71.

Q. How many miles of railroad by the close of the present year?

A. 6,735 miles. Q. How many men do these railroads

employ? A. 28,000. Q. How many teachers are employed

in the schools? A. 15.000. Q. How many pupils will be enrolled

in the high schools of the state during this year? A. 20,000.

character? A. 4. 9, 100. Q. How many school houses in the

state? What is their value? How many pupils were enrolled last year? A. 10,500, \$17,000,000, 750,000. What is the value of the daily out-

put of manufactured articles in St Louis?

A. \$1,000,000.

Q. How many persons are employed? A. One hundred thousand.
